RE: ZONING LETTER FOR THE PROPERTY AT 299 – 02ND STREET
(aka 572-576 Folsom Street, 580-590 Folsom Street & 596 Folsom Street)
BLOCK: 3736 LOTS: 025, 027 & 029

Dear Ms. Taylor:

This letter is in response to your correspondence of January 29, 2007 requesting zoning information for the properties at 299 – 02nd Street. These properties are located in the C-3-O (SD) Downtown Office Special Development zoning district with 200 feet height and "S" bulk limitation. We have attached a summary of the zoning controls for the district.

The subject properties are not in any Special Use District except lot 025 which is located within the Transbay Zone 2 Redevelopment Project Area. Historic or architectural ratings and our case tracking records for the subject properties are attached.

The Planning Code Section 181(d) and 188(b) allow a legally constructed structure that is destroyed by fire, other calamity, or by act of God or the public enemy to be restored to its original condition and use provided that such restoration is permitted by the Building Code and is started within one year and diligently prosecuted to completion. This allows the reconstruction of a non-conforming use, a non-complying building or conditional use that has all applicable building permits and a Certificate of Occupancy on record with the Department of Building Inspection. Uses, buildings and features not legally built or established may be replaced only with uses, buildings or features that conform to current standards.

Information regarding violations of the Building Code as well as the Certificate of Occupancy is the jurisdiction of the Department of Building Inspection. For violations please contact this department at:

Department of Building Inspection
1660 Mission Street
San Francisco, CA 94103

This letter and the attached information sheets should provide you with a summary of the information requested in the letter dated January 29, 2007. The Planning Department has not made a site inspection to determine the existence of possible unabated violations of the Planning Code. Our current records do not indicate any Planning Code violations. Any additional research needed shall be subject to time and materials billing at the standard Planning Department rates. If you should have any further questions please contact Valentine Isoken Omokaro at (415) 558-6403.

If you believe this determination represents an error in interpretation of the Planning Code or abuse in discretion by the Zoning Administrator, an appeal may be filed with the Board of Permit Appeals within 15 days of the date of this letter. For information regarding the appeals process, please contact the Board of Permit Appeals located at 1660 Mission Street, Room 3036, San Francisco, or call (415) 575-6880.

Sincerely,

Lawrence B. Badiner
(Zoning Administrator)
