New Planning Code Summary:

Extension of Time for Legitimization of Existing Nonconforming Uses in the Eastern Neighborhoods

Code Changes: Sections 179.1 (b)
Case Number: Board File No. 111337

Initiated by: Supervisor Cohen

Effective Date: May 19, 2010

The Way It Was:

The Eastern Neighborhoods amnesty program (also referred to as a legitimization program) expired on January 19, 2012. The amnesty program provided a limited-time opportunity whereby existing uses that have operated without the required permits could seek amnesty and apply for those permits.

The Way It Is Now:

The amnesty program is extended until November 12, 2012. Also, once the letter of legitimization is issued for a property, there will be a 90 day time limit within which all required materials need to be submitted to the Department.
