

Office Development Annual Limitation ("Annual Limit") Program

The Office Development Annual Limit (Annual Limit) Program became effective in 1985 with the adoption of the Downtown Plan Amendments to the Planning Code (Sections 320–325) and was subsequently amended by Propositions M (1986) and C (1987). The Program defines and regulates the allocation of any office development project that exceeds 25,000 gross square feet (gsf) in area. **However, pursuant to Proposition O (2016), office development within the Hunters Point Shipyard Phase 2 and Candlestick Point areas is not subject to this Program.**

A total of 950,000 gsf of office development potential becomes available for allocation in each approval period, which begins on October 17th every year. Of the total new available space, 75,000 gsf is reserved for Small Allocation projects (projects with between 25,000 and 49,999 gsf of office space), and the remaining 875,000 gsf is available for Large Allocation projects (projects with at least 50,000 gsf of office space). **However, that 875,000 gsf may be reduced each year pursuant to the provisions of Proposition E (2020).** Any available office space not allocated in a given year is carried over to subsequent years. Allocations from the CSoMa and Housing Balance Reserves are deducted over the following 10 approval periods.

This document reflects the status of the Annual Limit Program, including current availability and summaries of previously approved and pending projects.

Information in this document was last updated on **October 17, 2023**. Inquiries should be directed to Corey Teague at (628) 652-7328 or corey.teague@sfgov.org.
