MEETING NOTICE - MAY 21, 2008

COMMUNITY PLANNING WORKSHOP

The Bayview Hunters Point PAC Land Use Committee invites you to participate in workshop #3 to discuss planning efforts underway for the India Basin shoreline area of the Bayview Hunters Point community (Area C).

The India Basin/Hunters Point Shoreline area, also known as Survey Area C, is located between Heron's Head Park and the entrance to Hunters Point Shipyard. The goal of the planning effort is to develop a set of new land use controls and priorities that ensures that future development benefits the Bayview community and enhances the character of the shoreline.

This workshop will be an opportunity to confirm urban form priorities and discuss a land use concept for the neighborhood that builds on the input received at previous workshops. The input from this workshop will inform zoning standards, design guidelines, and a Redevelopment Plan amendment being prepared by the Planning Department and Redevelopment Agency.

MEETING DATE & TIME:

MAY 21, 2008

Wednesday | 6:00 - 8:30 PM

@ Bayview Opera House 4705 Third Street (at Newcomb St.)
